It's a game changer, not game over.

It's about **ENDURANCE**.

It's about using all your **SENSES**.

Place in the corporate world. It is not easy to find and keep your place at the table.

Just because we have laws does not mean we all respect and live by them.

SUMMITS

**FIND THE GIFTS
EARNED
THROUGH THE
STRUGGLE**

Taking on Life's Summits is about HOPE.

It is lighting the flame within and realizing that any goal – big or small – is worth pursuing.

Step by step, little by little, we all can contribute to our communities around the world and shape people's attitudes, stereotypes and perceptions as to what a barrier really is in one's life and our human journey.
